

FUTURE SCHOOLS WEBINAR

Tuesday 1st March 4:00pm - 5:00pm AEDT

In conversation with researcher, educator and professor:

DEBORAH NETOLICKY

Deborah M. Netolicky is a school leader, teacher, and researcher with more than 20 years of experience in teaching and school leadership in Australia and England. She is author of *Transformational Professional Learning: Making a Difference in Schools* and co-editor of *Flip the System Australia: What Matters in Education*.

In this webinar, join us for conversation as we discuss *Flip the System Australia: What Matters in Education*. This is a book by educators, for educators. It grapples with the complexities, the humanity and the possibilities in education. In a climate of competing accountabilities and measurement mechanisms; corporate solutions to education 'problems'; and narratives of 'failing' schools, 'underperforming' teachers and 'disengaged' students; this book asks 'What matters?' or 'What should matter?' in education.

Flip the System Australia: What matters in education brings together the voices of teachers, school leaders and scholars in order to offer diverse perspectives, important challenges and hopeful alternatives to the current education system. Come join the conversation!
