- Explore thinking about the future we want for education,
- How to respond to current and emerging trends, and
- Address tensions and dilemmas in creating a future of education that empowers all.

*What is Pecha Kucha?

Pecha Kucha's 20x20 presentation format shows 20 images, each for 20 seconds. A presenter has just under 7 minutes to tell a story, with visuals guiding the way. A great way to avoid death by PowerPoint!
