# VIRTUAL SCHOOL TOUR

## THINK GLOBAL SCHOOL MEXICO

TUESDAY 8th MARCH 7:30am - 8:15am AEDT

[www.thinkglobalschool.org](http://www.thinkglobalschool.org)

Join the team from Future Schools for a virtual tour of THINK Global School - the world's first traveling high school! This tour will be coming live from Mexico where students (& staff) are currently travelling.

Students at Think Global School are between the ages of 15-18 and come from all over the world. They gain an education by living in four different countries each year – ten countries total – learning firsthand from their multicultural experiences. During their time in-country, students gain the expertise necessary to bring about change in our increasingly global world.

Central to THINK Global School's mission is diversity. Its small student body of 60 students consists of attendees from over 30 countries, making it one of the most diverse boarding schools in the world. This diversity ensures that a wide variety of viewpoints are expressed during discussions, and that lifelong friendships are formed with classmates from all manner of backgrounds.

### About Virtual School Tours

Virtual School Tours are an opportunity to gain a deeper understanding of what innovation looks like in different contexts in schools across Australia and internationally. Each school's journey is unique but common to all Future School members is a desire to explore transformation; a change in the form, nature, appearance, feel or purpose of their educational setting.

Each tour last 45 minutes and there is always opportunity to ask questions. By expanding our understanding of what innovation looks like in different contexts, we are empowered to take control of our learning voyage in a rapidly evolving environment. All virtual school tours are recorded and can be watched on the Future Schools YouTube Channel.
