Membership

We support future focused leaders to explore and promote future focused education. We do this by building a community of innovative schools and leaders who, as a part of a collective, seek to create educational experiences that reflect an interconnected and changing world, whereby learners are creators and makers of their journey.

We build this community through our Professional Learning for Leadership Teams, Live Online Events for all staff, State-based School Tours, and International Study Tours.

What Do We Offer

By joining Future Schools, you will have the opportunity to connect with like-minded, future-focused educators through:

- Professional Learning for Leadership Teams
- Live Online Events for all School Staff
- State-based School Tours*
- International Study Tours^
- Networking
- International connections
- Support and evolution of learning community
- Share, support and promote member's work

*State-based School Tours in 2022: Term 1: Melbourne State Tour, Term 2: Newcastle State Tour, Term 3: Canberra State Tour, Term 4: Perth State Tour

^ International Study Tours - next tour 2023 to Finland, UK, The Netherlands

Annual Membership

\$4480 (Ex GST) billed annually in the term your school joins Future Schools.

Schools and educators who join us are often

- Going through significant restructuring or strategy implementation.
- Have a limited professional network or have outgrown the one they are in.
- Struggle with a lack of access to high quality professional learning opportunities.
- Want to innovate but are not sure exactly where to start.

Online Events

Live Online Events

Online events are held each week during term time. These are designed to support a schools innovation journey and be the catalyst for exploring and promoting the future of schooling.

These include:

- **Webinar Series:** conversations with world leading Thought Leaders & Thought "Doers" exploring & promoting future focused schooling.
- **Virtual School Tours:** live virtual tours of innovative schools across Australia and schools across the globe
- **Keynote Presentations:** a unique opportunity to listen to leaders from across our Learning Community present on a topic on the Future of Schooling.

Professional Learning for Leadership Teams

These tailored professional learning offerings for Principals & Leadership teams are designed to build leadership capacity to support your school's innovation journey. These are all included in the annual membership.

Delivered each semester, each professional learning is delivered as a series and provides an opportunity to develop professional networks with other leaders in the Future Schools Learning Community.

These include:

- **Leading an Adaptive School Culture** (six-part series): Hosted by David Runge, Director and co-founder. A cultural evolution and innovation framework uniquely designed to support educators who are leading cultural change.
- **Thought Leader in Residence** (two-part series): Hosted by Peter Hutton, Director and co-founder. Designed for Principals, the Thought Leader in residence series showcases interviews with leading educational experts from across the world.
- **Future Leaders, New Paradigms** (four-part series): Hosted by Jen Buchanan, Convenor of Future Schools Learning Community. A program available for staff in leadership positions to present findings or emerging trends in the future of schooling.
